

International Journal on Recent Researches In Science, Engineering & Technology

A Journal Established in early 2000 as National journal and upgraded to International journal in 2013 and is in existence for the last 10 years. It is run by Retired Professors from NIT, Trichy.

It is an absolutely free (No processing charges, No publishing charges etc) Journal Indexed in DIIF and SJIF.

Research Paper

Available online at: www.ijrrset.com

Chief Editors 1 : Dr. M.Narayana Rao, Ph.D., Rtd. Professor, NIT, Trichy.

(Engg.&Technology division)

2 : Dr. N.Sandyarani, Ph.D., Professor,

Chennai based Engg.College, (Science division)

ISSN (Print) : 2347-6729

ISSN (Online) : 2348-3105

**Volume 2, Issue 2,
February 2014**

DIIF IF :1.46

SJIF IF: 1.329

Application of Rough Set

D . Rajkumar and Gnasekar.I

Abstract - Literature review revealed that, data is found everywhere all around the world. We are in need of gaining of more information even if the source data base is incomplete. Our current market competition makes us to even analyze the incomplete databases for discovering more healthy knowledge or patterns. However, there are some common sources that are done in KDD processes , where data mining is a strep one among them . The rough set applies its concept of vagueness to avoid discern ability in nature. The combinations of lower and upper approximation finally helps us to attain a procedural way in finding the nearest positive factors rather than misappropriate data .
